The Court considered the following matters as posted and filed for Record in the Office of the County Clerk on July 24, 1992, at 11:16 A. M.

**(1) APPROVAL OF COUNTY CLAIMS**

Upon motion by Commissioner Cascos, seconded by Commissioner Rosenbaum and carried unanimously, the County Claims were approved as presented and on the recommendation by the County Auditor.

**(2) APPROVAL OF BUDGET AMENDMENT AND/OR SALARY SCHEDULE**

Commissioner Thomae moved that the 1991/1992 Budget Amendment No. 35 be approved as recommended by the County Auditor.

The motion was seconded by Commissioner Rosenbaum and carried unanimously.

**The Budget Amendment is as follows:**

**(3) APPROVAL OF MINUTES OF JULY 20, 1992**

Upon motion by Commissioner Cascos, seconded by Commissioner Thomae and carried unanimously, the Minutes of the Regular Meeting held on July 20, 1992, at 1:30 P. M. were approved.

**(4) APPROVAL OF COUNTY TREASURER'S QUARTERLY  
REPORT ENDING JUNE 30, 1992**

Commissioner Cascos moved that the County Treasurer's Quarterly Report for the period ending June 30, 1992, be approved.

The motion was seconded by Commissioner Valencia and carried unanimously.

**The Quarterly Report is as follows:**

(6) **IN THE MATTER TO RETAIN THE ARCHITECTURAL FIRM OF COX/CROSLIN TO PROCEED WITH THE SECOND PHASE OF THE DESIGN AND DEVELOPMENT OF THE NEW JUVENILE DETENTION FACILITY (TABLED)**

At this time, Commissioner Thomaе suggested that the matter should be considered at a "Workshop" because the Court needed to determine the amount of money available for the Project, and to allow the opportunity to obtain a Status Report from the Architects.

Mr. Amador Rodriguez, Chief Juvenile Probation Officer, stated that Ms. Rosemary Martinez, Administrative Assistant to the County Judge, and he had been in contact with the Architectural Firm and that they would favor whatever action the Court dictated, and added that there would be no problem with a "Workshop; however, the only concern would be the timetable on the Project.

Mr. Rodriguez explained that before they could get an actual cost on the facility, they needed an in-dept plan rather than the existing "Conceptual Plan".

Ms. Martinez explained that the Project Cost on the original study done two (2) years ago was three (3) million dollars, and that the up-dated figures, adjusted for inflation, increased the cost to 3.3 million dollars. She stated that she asked the Architectural Firm to prepare a plan that would keep the entire Project Cost at three (3) million dollars, including construction and land acquisition. She added that the Architectural Firm was proposing to go to the second level of study, or the Design Development Phase, in order to provide more accurate figures, at a cost of \$12,000.00, and should the County decide to proceed with the Project, the amount would apply to the total Architectural Fees.

Commissioner Thomaе moved that this Item be Tabled in order to "Workshop" the matter.

The motion was seconded by Commissioner Valencia.

Judge Garza remarked that this "Meeting's packet" contained background information on the Project, that the Juvenile Board had met several times and that the Court was aware of their recommendations.

Mr. Rodriguez stated that several members of the Juvenile Board were on vacations, and that the "Workshop" would have to be as soon as possible because they have a Certification deadline of September 2, 1992.

Commissioner Cascos suggested to approve this Item contingent on having a Workshop and questioned how soon the Workshop could be held and Mr. Rodriguez responded that the Architect could meet on Thursday.

Commissioner Cascos questioned whether the study prepared in September 1990 would still be useful, and Ms. Martinez responded that the previous study formed the basis for the Design Development Phase, or Phase II. She clarified that the study done provided the "Conceptual Plan", and Phase II would provide definite figures on the cost in order to plan for the financial commitment.

Commissioner Thomaе argued that a specific site was necessary before continuing with Phase II because the site would influence the Architectural Plan and he wanted to know where the site was going to be before any money was spent.

At this time, Judge Garza called on the original motion by Commissioner Thomaе and seconded by Commissioner Valencia to Table this Item and the vote carried as follows:

AYE: Commissioners Rosenbaum, Thomaе and Valencia

NAY: Commissioner Cascos and Judge Garza.

(5) **APPROVAL OF PETITION FOR THE CREATION OF CAMERON COUNTY DRAINAGE NO. 5 AND THE APPOINTMENT OF A CIVIL ENGINEER TO PREPARE A PRELIMINARY ENGINEERING REPORT AND MAP**

At this time, Judge Garza invited public comments.

Mr. Mike Perez, Harlingen City Manager, explained that several months ago a petition from residents in the Harlingen area was presented to the Court requesting the creation of a Drainage District. He stated that the petition was a direct result of the flooding of April 1991 in the North Main Drain which seriously affected the Towns of Harlingen, Palm Valley and Primera. He added that they were recommending to retain Mr. Tom Martin, with the Firm of Martin Engineering, to prepare the preliminary study.

Upon motion by Commissioner Cascos, seconded by Commissioner Thomae and carried unanimously, the Petition for the creation of the Cameron County Drainage District No. 5 and the appointment of Mr. Tom Martin, Civil Engineer, to prepare a preliminary Engineering Report and Map were approved.

At this time, Mr. Andy Cueto, County Engineer, presented the following letter outlining his objections on the matter, that being that the culvert needed further study because it posed a flooding and a safety problem and increased the liability to the County:

Judge Garza indicated to note his abstention on the vote.

Commissioner Valencia stated that the Project was ready for completion because the pipe had been in existence for many years, that the only time flooding occurred was when they had seventeen (17) inches of rain but that no water had come across the road, and that the road had been improved and was ready for surfacing.

At this time, Mr. Joe G. Rivera, County Clerk, requested clarification on the vote, and Judge Garza restated the motion, that being that Commissioner Valencia moved that the advertisement for bids for the road surfacing of Ryan Road, Phase III, be authorized, absent the recommendation of the County Engineer.
