**Cameron County Judge Addresses Concerns**

Brownsville, TX – The County Judge’s Office has received information from an unknown source and from the media concerning allegations that the Precinct Two Administrative Assistant has submitted inaccurate time sheets, which reflect hours not actually worked for Cameron County.

The County Judge’s Office through Legal Counsel has received a letter with an attached recorded conversation from the Precinct Two Administrative Assistant concerning allegations of threats made against the Precinct Two Administrative Assistant’s employment with the County.

After discussion with the Commissioners Court’s Legal Counsel, I am forwarding all information related to this issue received by this office to the appropriate local and/or state authorities, for their review or investigation as that Office deems appropriate. According to the Commissioners Court’s Legal Counsel neither the County Judge nor the Commissioners Court has jurisdiction or superintending authority over either a County elected official or the elected official’s staff. I have asked the County Administrator and the Commissioners Court Legal Department to review existing County Policies addressing the issues raised and report to the Commissioners Court.
