The specifications listed are minimum requirements and are intended to govern, in general, the insurance coverage desired.

The insurance coverage including all necessary endorsements furnished under these specifications shall be with an insurer licensed to transact insurance business in the State of Texas or a self insurance pool.

Proposals must be submitted according to specifications; however, a proposer may also submit alternative proposals with recommendations as to why they would be in the best interests of the County.

The County is utilizing the Request for Proposals format and although cost will be the most important consideration in awarding the insurance, the County reserves the right to award the coverage to the proposer who in the opinion of the County will best serve the interests of the County.

The County reserves the right to reject any and all proposals and to waive any formalities or technicalities in any of the proposals.

Specimen policies and forms including all endorsements that would be attached to the policies must be included with the proposal package.

The proposals must indicate whether coverage is subject to audit or is a fixed annual price. Premium charges for changes in exposures during one-year term are acceptable.

Please indicate in the proposals whether or not lines of coverage may be individually purchased or if the proposal is a package only.

The Insurance offered shall meet all Federal and State of Texas regulations and standards in effect and applicable to the insurance furnished.

Any variations from the specifications must be indicated on the proposal or on a separate attachment to the proposal so identified as such.

Descriptive Literature: Each proposer shall submit with this proposal a copy of descriptive literature sufficient in detail to enable an intelligent comparison of coverage.

Evaluation and Award: Cameron County will evaluate and award based on the lowest and best proposal meeting specifications. Ratings, performance and service history will be an important evaluation factor. "Best" ratings shall be included and made a part of the proposal.

Payment shall be made at the beginning of each of the three fiscal years covered under this agreement, however, it is understood that the County shall have the right to terminate the policy at the end of any fiscal year if the Commissioners' Court of the County does not appropriate moneys sufficient to pay the premium for the next fiscal year.

INSURANCE COVERAGE SUMMARY & PROPOSAL QUESTIONNAIRE

Cameron County desires proposals for insurance coverage that is equally as “broad” (or broader) than similar to the coverage now in force. The coverage presently in force is summarized on the following pages in a “table” format. The Texas Association of Counties has provided the County’s Property and Casualty Insurance coverage since 1996. Please review the information provided below before reviewing or completing the following Proposal Questionnaire.

1. The Proposal Questionnaire serves four basic purposes.
 - First, it provides proposers with details about the coverage currently in force.
 - Second, the Questionnaire provides the proposer with a format to be used in detailing the proposed coverage (including coverage options.)
 - Third, the completed Questionnaire will be used in evaluating the proposals (Therefore, completion is mandatory.)
 - Fourth, the Questionnaire submitted by the successful proposers will be compared to the insurance policies ultimately issued to make certain that the policies agree with the Proposal Questionnaire.
2. It is estimated that a person who is familiar with the coverage that is being proposed can complete the Proposal Questionnaire in 2 hours.
3. You may complete the Questionnaire by hand. It is not necessary to type the responses.
4. The proposal must include a true and exact copy of the policy language, which is being proposed (including all endorsements, terms and conditions.)
5. When available, please attach complete copies of the underwriter’s “quote” sheet(s).
6. Please attach any additional proposal material that you care to provide with the Proposal Questionnaire.
7. The layout of the Proposal Questionnaire only accommodates a quote for one premium and one deductible option per line of coverage. If you plan to offer several deductible options, we suggest photocopying the appropriate pages within the Proposal Questionnaire and providing the deductible option and resulting premium on the reproduced pages.
8. Proposers are asked to use the “Premium and Policy Period” portion of each insurance coverage section to provide pricing for coverage similar to the coverage now in force (i.e., “base quote”). The “Options” portion of each coverage section should be used to provide additional pricing for each proposed option. When providing the pricing for each proposal “Option”, provide only the additional cost or credit. For example, if you are quoting a 20/40/15 Uninsured/Underinsured Motorist limit within the premium quoted on the base quote and also quoting an option to increase the \$20/40/15 base limit to \$100,000, please use the “options” section of the form to indicate the additional premium increase above the 20/40/15 limit for the \$100,000 limit, as opposed to using the Options section to reflect the entire premium for \$100,000 limits.
9. Quoted premiums must include any applicable surplus lines and/or fees.

Please contact Tom Gozdalski if you have any questions regarding the completion of the Proposal Submittal Questionnaire. (956-550-1349 or gozdalski@co.cameron.texas.us).

This allows the County sufficient time to plan for re-advertising for Proposals due to a vendor required price increase. If Vendor fails to notify the County within time noted it shall be assumed that there will be no price increase for the following year's award period if renewed. If multiples are submitted by an Proposer and after the RFP/RFQ's are opened, one of the RFP/RFQ's are withdrawn, the result will be that all of the RFP/RFQs submitted by that Proposer will be withdrawn; however, nothing herein prohibits a vendor from submitting multiples for different products or services.

Evaluations shall be based on criteria, bearing on price, and performance of the items/services in the user environment.
